

kind happenings

A NOTE FROM CKP

Thank you so much for your support. We'd like to recap some of our milestones and things you have helped Connor's Kindness Project achieve because it is you that has helped make this possible.

We could not have done all we have without your support and we are grateful. If you have made a financial donation this year and have an employer with a matching gift program we would be happy to provide you with a receipt or other paperwork you need to have your donation matched.

Kindly,

Connor's Kindness Project

-
- A large collection of colorful, hand-painted rocks with various messages and designs. The rocks are scattered together, showing a variety of colors like pink, green, blue, red, and white. Some rocks have simple text like "Spread Love", "Be Kind", "I Am Kind", "Connor's Kindness Project", "Smile", "Be Brave", "Breathe", "Unplug", and "Kindness Rocks". Others have more complex designs, including a heart, a peace symbol, a flower, and a sun. The rocks are of different sizes and shapes, and the paint is in various colors, creating a vibrant and inspiring display.

Implementation of a Teen Ambassador Board and a new initiative, The Kindness Club, which will be launching in a beta format in Lynnfield in January 2023.
