"We just wanted to thank you for the AWESOME Kindness Kit and the wonderful project you created. It's day 3 in the hospital and we are finally off oxygen — this sweet red box was delivered and brought the BIGGEST smile to my daughter's face. You are a special person, Connor! Thank you for your kindness and the joy you bring "

"Checked in for her tonsil and adenoid surgery! She's doing great!
New experience for us with pediatrics at a local hospital, but impressed with the pediatric center so far. The welcome sign and gift were a nice surprise. Thank you to Connor's Kindness Project! "
